

# Peyton White

Pre-Veterinary Student

(205) 482-3768 | pmw0031@auburn.edu

Passionate and determined pre-veterinary student, on a focused journey to prepare for my future in the field of animal healthcare. My goal is to become a skilled and dedicated veterinarian, driven by my passion for the science. Through dedicated and rigorous studies, I am pursuing the necessary skills and knowledge to achieve this goal.

## Education

**Undergraduate Pre-Veterinary Microbiology Student**

**Aug. 2022 - Present**

Auburn University

Estimated Graduation in 2025

## Experience

**South Fulton Pet Care, South Fulton, GA**

**Jun. 2024 - Aug. 2024**

*Veterinary Assistant*

- Assisted veterinarians during surgeries, medical procedures, and patient appointments.
- Collected, processed, and analyzed blood, urine, and fecal samples for laboratory testing and diagnostic processes.
- Precisely administered medications and treatments to patients as prescribed by veterinarians.
- Safely and effectively restrained animals during procedures and examinations.
- Managed patient records, ensuring accurate documentation.

**East University Veterinary Clinic, Auburn, AL**

**Aug. 2023 - Jun. 2024**

*Animal Technician*

- Assisted veterinarians and veterinary technicians during examinations, procedures, and medicinal administration by effectively restraining animals and providing other necessary aid.
- Managed and recorded administration of medications and treatments to patients, ensuring strict adherence to dosage instructions and maintaining precision in execution.
- Provided attentive patient care, monitoring their well-being and conducting routine health assessments. Maintained accurate patient records by documenting all aspects of patient care.
- Interacted and engaged with patient owners, providing accurate updates on their pets' condition while addressing inquiries.
- Executed thorough sanitization of the facility to ensure a hygienic environment.

**Starbucks Coffee Company, Birmingham, AL**

**Jun. 2020 - Aug. 2022**

*Trainer*

- Trained and mentored newly hired employees in essential skills in order to ensure their success, along with guaranteeing a smooth integration into the team.
- Excelled in a fast-paced environment by utilizing skills in time management, attention to detail, and problem solving. These traits allowed me to provide high-quality products, while simultaneously providing exceptional customer service.

## Organizations

**Pre-Veterinary Medical Association**
